

Schedule, Test And Results in 3 Business Days*
Call (630) 545-7380 to schedule your test.

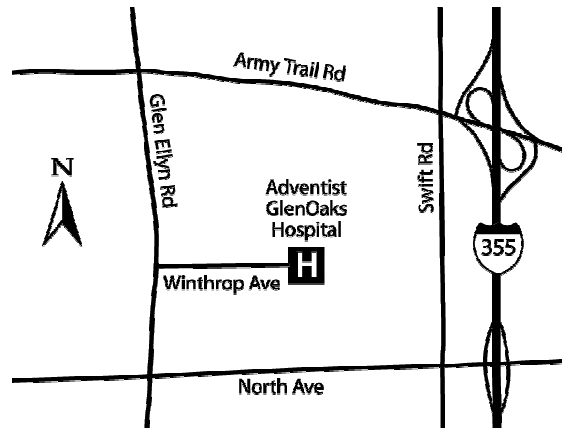

Take advantage of the benefits of the **complete range of outpatient services available to you and your patients at Adventist GlenOaks Hospital.** You and your patients want conveniently located services at an accessible, up-to-date facility. You want accurate testing by qualified staff using the best available technology. You want excellent communication, including timely, accessible, and verifiable results. Adventist GlenOaks Hospital's Outpatient Services fulfills all of these requirements, and in a comfortable environment with professional, experienced, and supportive staff.

Walk-In Service:

Walk-in appointments available for most services with prescription. Minimal waiting time.

Adventist GlenOaks Hospital is a 186-bed facility positioned to meet the healthcare demands of the rapidly developing western suburbs of Chicago, Illinois. The hospital joined Adventist Midwest Health in 1997 and is a part of the Midwest Region of hospitals. The 300 member medical staff and a team of professional employees serve more than 50,000 patient visits per year, providing outpatient and inpatient primary care, behavioral health and wellness services.

Access to Test Results

Adventist GlenOaks Hospital's **STAR 3** system ensures that scheduling, testing and results will be completed within three business days. Results are immediately accessible to physicians via phone, fax, and computer. Images and interpretations are also available in DVD format. **Full electronic access available for non-staff referring physicians.**

PACS and Web1000

Adventist Imaging Network recently adopted the PACS (Picture Archiving Communication System) to assist radiologists in the diagnostic process. PACS delivers high quality digital images directly into a computer system for viewing and analysis. Web1000, an internet-based storage and retrieval system, allows referring physicians ready access to the images.
